## 201314\_Funding\_Year\_Values Publication field information

### Publication\_Number

Agency related field that tracks any documents or information that we publish.

### UKPRN

The UK Register of Learning Providers (UKRLP) is a 'one-stop' portal for government departments, agencies, learners and employers to share key information about learning providers. The UKRLP allows providers to update their information in one place and share this across agencies such as the Skills Funding Agency, the Higher Education Funding Council for England (HEFCE) and UCAS.

We use the UK Provider Register Number (UKPRN), which is verified by UKRLP, as part of our due diligence processes ahead of contracting with a provider.

Each learning provider has a unique UKPRN, which must be used to submit data to us through the Individualised Learner Record.

Further information about the UKPRN can be found from the UKRLP website:

<http://www.ukrlp.co.uk/>

### Provider\_Name

The Provider name is the name of the legal entity with whom we will enter into a contract. The provider name is verified by us using Companies House, UKRLP and audited accounts information provided by the provider.

Further information can be found from the Companies House website:
